Spa Clarity Cubes

Key Features

- Rapidly restores water clarity
- One month's treatment per pack
- Suitable for hot tubs and swim spas

AquaSParkle Spa Clarity Cubes are especially designed gel cubes that assist the filter in removing small, suspended particles, rapidly restoring water clarity.

Application Instructions

1. Maintain pH level within the ideal range of 7.2 – 7.6. If not in this range, adjust.
2. Place the Spa Clarity Cube in the skimmer basket (if present) or directly into the filter chamber.
3. Spa Clarity Cubes will dissolve over a period of 3 – 5 days depending on water flow rates.
4. For heavily contaminated or cloudy hot tubs, it may be necessary to clean the filter(s) after use of the Spa Clarity Cubes, to remove collected debris from the filter pleats.
