

## Warranty Certificate

### **Period of cover**

- Up to 5 Years

2 years provided as standard, extended to 5 years with proof of recommended annual maintenance completed by a Coverseal trained installer.

### **Type of cover**

All components of the Coverseal Cover.

### **General terms**

The above-mentioned warranties are applicable only for manufacturing faults. The warranty period starts on the receipt of delivery of the Coverseal cover. In the case of a claim, it is necessary to present the original purchase invoice which was issued for this specific order.

### **Guarantee**

We oblige ourselves to carry out the repair of the faulty component free of charge within the warranty period. The faulty part will be repaired and/or replaced to be in a technically perfect condition in accordance with the age of the part. The customer is responsible for providing sufficient access to enable the repair of the faulty part, as costs incurred due to obstructions and/or delays are not covered by the warranty.

The total costs for the repair must not exceed the purchasing price of that specific part. Our indemnity expires when it is proved that the Coverseal cover has not been treated or installed in accordance with our terms and regulations, or where it has been technically altered or repaired by un-authorized personnel. The warranty excludes defects caused by accidents, natural disasters and occurrences which are not caused by Coverseal.
